

Geoffrey Greene Symposium

Friday, September 19, 2025

Agenda

8:30 **Continental breakfast**

9:15 **Jeffrey Rathmell** – Opening Remarks

Sean Fanning – Introduction

Morning Session Chaired by Sean Fanning

9:30 **Suzanne Conzen** – *“Defining (and Modulating) Glucocorticoid Receptor Activity in Cancer”*

10:00 **Sarat Chandarlapaty** – *“Diverse Paths to Endocrine Resistance in Breast Cancer”*

10:30 **Coffee break**

11:00 **Benita Katzenellenbogen** – *“Exploring Estrogen Receptors Alpha and Beta and Other Transcription Factors in Breast Cancer”*

11:30 **Donald McDonnell** – *“The Evolution of Endocrine Therapies for Breast Cancer”*

12:00 **Lunch**

Afternoon Session Chaired by John Katzenellenbogen

1:00 **Leonie Young** – *“Epi-Transcriptomics in Breast Cancer and Brain Metastasis”*

1:30 **Huiping Liu** – *“AI-Assisted Elucidation and Targeting of CTC-Immune Cell Ecosystems”*

2:00 **Sean Fanning** – *“Reprogramming Estrogen Receptor to Target the Paracrine Signals that Suppress NK Cells”*

2:30 **Coffee break**

3:00 **Myles Brown** – *“Seeing is Believing: Super-Resolution Visualization of ER Action”*

3:30 **Kendall Nettles** – *“Mechanisms of Endocrine Therapy: Integrating Molecular Structure and Function with Artificial Intelligence”*

4:00 **Reception**
